

Parents COVID-19 FAQ

When does my child have to wear a mask?

Campers only need to wear a face covering when traveling on buses and at morning arrival and dismissal when the camp is together.

When does staff have to wear a mask?

Staff need to wear masks when inside the building and outside when cannot social distance with others outside of their group.

How is grouping and the program different due to COVID?

Groups will stay together for the summer and not be mixed for electives and options. Groups will have a variety of group options to select in the program day. Special events will be spaced out by time and space. Instructional Swimming groups will be formed by separating campers in to two skill groups.

How arrival procedure and dismissal procedure will is different?

Arrival procedures will be the same, staff will take campers out of your vehicles as you pull along the Field House. Dismissal areas will be broken up by division and parents will be asked to enter and exit of specific areas.

Will campers need to be Pre-screened prior to arrival at camp?

Prior to arriving at camp, parents will complete a daily form on Camp Docs to acknowledge no covid symptoms, no contact, and temperature. If screening is not completed by parent prior to arrival, a list will be generated prior to arrival and distributed to the group leaders who supervise their campers at arrival. Those campers who were not screened at home will be brought to the health care center for screening by camp nurse prior to arrival at group

When do parents need to wear masks?

Parents need to wear masks when on campus and at Central Pick up locations.

When should I not send my child to camp?

Displays a fever over 100.4

-Has had close contact (within 6 feet for at least 10 minutes) with a person with confirmed COVID-19 in the past 14 days, or someone in the household that has symptoms of COVID-19 or is diagnosed with COVID-19

-Has at least 2 of the following symptoms; Chills, Shivers, Muscle Aches, Headache, Sore Throat, Nausea/Vomiting, Diarrhea, Fatigue, Congestion, Runny Nose

What should I do if my camper test positive for COVID or been exposed?

Contact the camp director. Contact your health provider. Staff/Campers may return 10 days without testing OR 7 days with negative test results collected at 5-7 days.

How will transportation be different?

Siblings will be asked to sit together as well as campers who are in the same group. Masks must be worn on bus by campers and staff.

How is lunch different this year?

The salad bar will be served by staff rather than the campers' serving themselves. Groups will be spaced out under tent, pavilion and boardwalk. Campers and staff will wash hands prior to lunch.

How will cleaning and disinfection of areas and equipment be addressed?

Maintenance staff will consistently monitor and clean bathrooms. Shared spaces and touch points will be cleaned thru the day. At night a thorough cleaning and disinfection of the indoor spaces will be performed. Group specialists will clean and disinfect any shared equipment prior to the next groups use.
